

Special Programme Rui de Brito

Rui de Brito

Determined to defy conventional illustration of music, Rui de Brito developed in the last 8 to 10 years, his own form of designing videoclips in Portugal, with emphasis on design processes instead of technical.

He left his unique touch in Portuguese audiovisuals and became a major reference of creativity in television and is in the process of internationalizing his activities.

In ViMus, Rui de Brito will present a retrospective of his videoclips, commenting on them and conferencing on his experience and personal vision.
